Software Developer | MCA Student with hands-on experience in mobile and frontend development. Skilled in Flutter, React Native, Firebase and React (web). Strong problem-solver with experience building location-based apps and integrating ML APIs. Seeking roles in frontend / mobile development where I can deliver user-friendly, performance-focused applications.

Key Skills

- **Web Technologies:** JavaScript, CSS3, HTML5, React
 - **Mobile:** Flutter, Dart, React Native.
 - **Backend:** Firebase Auth, Firestore, Realtime Database.
 - **Tools & Dev:** Git, GitHub, VS Code, Android Studio.
-

Projects

React Native Developer | ERelate Labs Pvt. Ltd. Oct 2025 - Present

- Converted an existing system into a mobile-based solution.
 - Developed reusable UI components and implemented navigation using React Native.
 - Integrated APIs provided by .NET backend for dynamic data handling.
 - Enhanced user experience by improving responsiveness and interaction flow.
 - Collaborated with team members to deliver features within deadlines.
-

Projects

Blood Donor Finder — (Flutter, Firebase, Python ML) (MCA)

- Built a real-time blood donor and request management mobile app using Flutter.
- Integrated Firebase Authentication, Realtime Database and Firestore for user management and requests.
- Implemented a Python ML recommendation service to suggest likely nearby donors.
- Features: donor registration, request form, interactive donor map, thank-you certificates and admin flows

Library Management System — (Java, MySQL, NetBeans) (BCA)

- Developed a desktop application to automate library operations: book inventory, member registration, borrow/return tracking.
-

Research Publication

"Blood Donation Application Using Machine Learning" — Proceedings, ICCSCE-25. Available: <https://www.atlantispress.com/proceedings/iccsce-25/126017291>

Education

- **Master of Computer Applications (MCA), S.V.K.M Institute of Technology, Dhule — 2025**
 - **Bachelor of Computer Applications (BCA), IMRD, Shahada (NMU, Jalgaon) — 2022**
-

Certifications & Trainings

- Programming in Java — ITT Council, Delhi.
- Certificate in C++ Programming — AICPE.
- Programming in C — ITT Council, Delhi
